

NOW HIRING: CERTIFIED MEDICAL ASSISTANTS

We are looking for high-energy, patient focused Certified Medical Assistants to join the KSB Medical Group! As a KSB CMA you will play a vital role, working closely with the office staff, assisting Providers, and ensuring that our patients have an exceptional clinic experience! We offer competitive wages and have opportunities in Family Practice, Specialty Clinics, as well as the Float Pool.

WHY BECOME A CMA AT KSB?

- Use your skills and abilities where you are recognized and able to perform at the highest level of your scope of practice, under KSB's organizational practices
- Assist others by honing your medical-related knowledge and competence, learn the ins and outs of a medical practice
- Care for a great deal of patients, a wide variety of healthcare concerns, preventative medicine, and be part of a rewarding career in making a difference in the lives of others
- Fixed work schedule, no weekends or Holidays

"I became a Medical Assistant because I had some health scares in the past and I saw how important it was to have the right staff on the other end of that experience. Patients can go through some very scary times in their lives, and if there can be one light in that darkness, I want to be a part of it."

"I love being able to take care of my patients like family, it's so important to me and my role as a CMA allows me to do just that."
